Below, I have sent you a copy of an email that I received from Tektronix today. I think you will like what it says.

Stan

PS Please note that Tek has still not granted permission to everyone to copy Application Notes, Common Design Parts Books, or Modification Summaries. This is certainly progress but we are not quite there yet . . .

Stan,

The Tektronix Policy on Copying Out-of-date Materials (copy attached) has finally been updated. Sorry that it took so long. The update was accomplished as part of my revision of the overall Tektronix IP Policy

It grants a license for the Concept Book Series and for Catalogs that are 5 years old or older.

It will eventually be posted on the Tektronix Website, but that in itself is another process. At any rate, this is the official approved version.

Feel free to distribute it as you see fit.

Thanks,

Tom

## Tektronix Policy on Copying of Out-of-date Materials

Tektronix hereby grants permission and license for others to reproduce and distribute Tektronix catalogs that are five years old or older.

Tektronix hereby grants permission and license for others to reproduce and distribute the Tektronix Concept Book series.

The policy regarding copying of out-of-date manuals is as follows:

### "Copyright Release and Permission to Copy out-of-date manuals

Tektronix cannot provide manuals for measurement products that are no longer eligible for long term support. Tektronix hereby grants permission and license for others to reproduce and distribute copies of any Tektronix measurement product manual, including user manuals, operator's manuals, service manuals, and the like, that (a) have a Tektronix Part Number and (b) are for a measurement product that is no longer supported by Tektronix.

A Tektronix manual may be revised to reflect changes made to the product during its manufacturing life. Thus, different versions of a manual may exist for any given product. Care should be taken to ensure that one obtains the proper manual version for a specific product serial number.

This permission and license does not apply to any manual or other publication that is still available from Tektronix, or to any manual or other publication for a video production product or a color printer product.

Tektronix does not warrant the accuracy or completeness of the information, text, graphics, schematics, parts lists, or other material contained within any measurement product manual or other publication that is not supplied by Tektronix or that is produced or distributed in accordance with the permission and license set forth above. **TEKTRONIX SHALL NOT BE LIABLE FOR ANY DAMAGES WHATSOEVER (INCLUDING, WITHOUT LIMITATION, ANY CONSEQUENTIAL OR INCIDENTAL DAMAGES, DAMAGES FOR LOSS OF PROFITS, BUSINESS INTERRUPTION, OR FOR INFRINGEMENT OF INTELLECTUAL PROPERTY) ARISING OUT OF THE USE OF ANY MEASUREMENT PRODUCT MANUAL OR OTHER PUBLICATION PRODUCED OR DISTRIBUTED IN**

ACCORDANCE WITH THE PERMISSION AND LICENSE SET FORTH ABOVE."

Note that this policy does not cover printer equipment manuals which are now the property of Xerox Corporation, or video production equipment manuals which are now the property of Grass Valley Group.
